

BISWAJEET PANDA

DOB: 21 Dec 2004 Bhubaneswar, Khordha, Odisha

📞 (+91) 9078574907 ✉ pandabiswajeet17@gmail.com [in Biswajeet](#) [🔄 Biswajeet](#) [🌐 Portfolio](#)

Education

National Institute of Technology, Rourkela

Bachelor of Technology in Civil Engineering (CGPA - 7.77)

August 2023 – Present

Rourkela, Odisha

Prabhujee English Medium School, Bhubaneswar

AISSCE – CBSE, Science (PCMB) (Percentage - 94%)

May 2022

Bhubaneswar, Odisha

Prabhujee English Medium School, Bhubaneswar

AISSE – CBSE (Percentage - 94%)

May 2020

Bhubaneswar, Odisha

Relevant Skills & Coursework

- Machine Learning
- Probability & Statistics
- SQL
- Computer Vision
- Python Programming
- Data Analysis & Visualization

Projects

IPL Win Predictor

October 2025

Python, Pandas, Scikit-learn

GitHub

- Built a machine learning model to predict match outcomes using historical IPL data (2008–2024).
- Engineered features like match context, venue, and team performance.
- Improved model performance by incorporating city-based trends.
- Developed a local web application integrating the ML model for real-time match outcome predictions.

Product Authentication using Computer Vision

April 2026

OpenCV, Python

GitHub

- Developed a feature-based image matching system using ORB.
- Implemented keypoint detection and descriptor matching with BFMatcher.
- Designed similarity scoring to classify same vs different products.

Sensor Fusion-Based Pothole Detection & Quantification System

April 2026

YOLOv8, Python, OpenCV, ESP32-CAM, VL53L1X

- Developed a low-cost sensor-fusion based pothole detection system using YOLOv8 and ToF depth sensing
- Integrated ESP32-CAM and VL53L1X sensor for real-time pothole detection and depth measurement
- Trained YOLOv8 on ~5000 labeled pothole images using augmentation techniques for improved detection performance
- Computed pothole area, depth, and estimated volume using computer vision and engineering-based formulas
- Built a dashboard pipeline for geotagged pothole monitoring and maintenance tracking

Achievements/Certifications

McKinsey Forward Program

December 2025

Developed structured problem-solving and data-driven decision-making skills.

Certificate

Quantitative Research Job Simulation – J.P. Morgan

December 2025

Applied data analysis for pricing, risk modeling, and financial insights.

Certificate

Technical Skills

- **Languages:** Python, SQL
- **Libraries & Frameworks:** Pandas, NumPy, Scikit-learn, OpenCV, YOLOv8
- **Concepts:** Machine Learning, Computer Vision, Image Processing, Data Analysis
- **Tools:** Jupyter Notebook, Google Colab, PostgreSQL

Leadership and Responsibilities

FitCon

October 2023 – April 2025

Treasurer

NIT Rourkela

- * Managed budgeting and logistics for campus events with 200+ participants.
- * Coordinated with multiple stakeholders ensuring smooth execution.
- * Contributed to planning high-engagement institute-level events.
